## Go-Eco

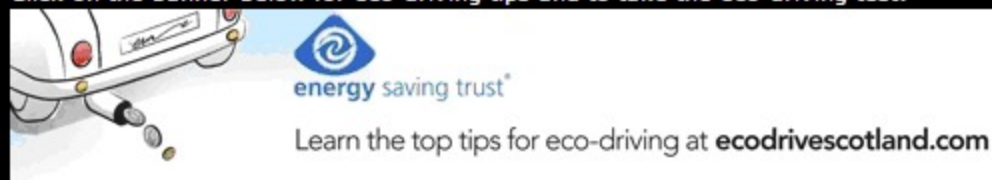

**Your local Energy Saving Scotland advice centre can help consumers and small businesses save energy, carbon and money by providing free, impartial, expert advice on all matters related to energy efficiency, small scale renewables and low carbon personal transport.**

## Why Go-Eco?

Your local Energy Saving Scotland advice centre now offers transport advice to help you reduce your fuel consumption to save money as well as cut down on carbon dioxide (CO<sub>2</sub>) emissions.

- **Using the car less**  
We can help with plan your journey using alternative transport, thus reducing your CO<sub>2</sub> emissions further.
- **Buying cleaner, more fuel efficient cars**  
If you are thinking about changing cars we can provide free, impartial advice about the cleanest, most fuel efficient cars in class and what to look for when buying a used car.
- **Eco-driving**  
By adopting eco-driving techniques you can save up to 15% on your fuel bills, while also reducing your CO<sub>2</sub> emissions.

Click on the banner below for eco-driving tips and to take the eco-driving test:

## Contacts

For personalized advice call the Energy Saving Scotland advice centre South West on freephone **0800 512 012**, Mon-Fri 9am-5pm.

Alternatively, email Abbé Shedden, Sustainable Transport Advisor,  
[abbe.shedden@sw.energysavingscotland.org.uk](mailto:abbe.shedden@sw.energysavingscotland.org.uk).
