

GETABOUT BY... RAIL

Trains are not just for those long trips. We have a local train service serving Aberdeen City and Shire.

Local services are getting better all the time. More frequent services, infrastructure improvements, a new station at Kintore are committed projects and an increase in Sunday trains at Inverurie and more trains to Portlethen make it even easier to use the train. There are free car parks at all stations (apart from Aberdeen) and they all have bus links and free bike parking.

Planned extra tracks on the Aberdeen to Inverness line in the coming years will stimulate even more frequent and faster local services.

You can add a bus journey as part of your Rail ticket through plus bus and Aberdeen Rail Station now also has a Bike Rental Scheme called Bike and Go.

There are eight railway stations in Aberdeen and Aberdeenshire. They are Aberdeen, Dyce, Inverurie, Inch, Huntly, Portlethen, Stonehaven and Laurencekirk.
