3

Cycle Pumps Now Available!!

Arrive at work with a soft or flat tyre? Cycle pumps are now available for temporary use from Security Control Room (Level 1, Admin Building)!!

Queen's University Belfast Cycle+ Scheme (Cyclescheme)

Welcome to Cycle+, the University cycle to work scheme, which offers staff the opportunity to obtain a bicycle and safety equipment for less than normal cost. Cycle+ is operated through Cyclescheme and by joining the scheme staff can hire a tax-free bike for work, which, for most people, means a saving of between 32% and 42% on the cost of the equipment.

By applying to the scheme, staff can have the use of a new bicycle and safety equipment, up to a value of £1,000.

These guidelines describe how the scheme works and they should be read carefully before deciding to join.

Remember, to enter the Cyclescheme website you must enter the unique Queen's University code of **60cd5a**

To enter Cyclescheme, click [here](#)

Facilities

The University provides a range of cycling facilities for staff.
